

WHEN FAILURE IS NOT AN OPTION

BUILDING BETTER BOATS SINCE 1997

SAFE Boats International is an industry leading aluminum boat manufacturer and a global leader in providing the most reliable and effective boat platform systems and solutions to defense, security, and first responder customers to accomplish their missions.

Apostle

Open T-Top Offshore Outboard

Models

- ◆ 330X Apostle
- ◆ 350X Apostle
- ◆ 380 Apostle
- ◆ 410 Apostle

Fast, durable and highly maneuverable

The Apostle is an offshore racing-inspired, high-speed interceptor with a dual-stepped hull design. The Apostle features SAFE Boats' patent-pending F.A.S.T. technology, which enhances speed, performance and fuel economy, while the unique hull design delivers unbelievable cornering performance. The Apostle can operate at top speeds in the harshest seas and features an open T-Top design to maximize visibility at all angles. Ergonomic features maximize efficiency and enhance ease of movement around the vessel. The Apostle is available in lengths ranging from 33-to-41-feet.

Standard Features

Collar

- Patented 100% Foam SAFE XDR-1 Extreme Duty Reinforced Collar System

Hull

- 1/4" - 5086 bottom plate with SAFE Boats exclusive stringer system with angled transverse framing
